CEO Update

As we finished our fiscal year on June 30, 2019, it's time once again to take a look at our year to see everything we accomplished:

- Fiscal Year 2019 ended coming in with a small profit, better than budgeted. That's important for us to fund additional growth.
- Honda quality results continue to be strong thanks to everyone's hard work and dedication to quality.
- We produced roughly 7,500 License Plate kits and Owner Manual kits per day.
- We welcomed MicroCenter as a new customer, providing us with additional types of jobs for our employees.
- UCO won our 7th Annual Safety Award (out of the last eight years)
- We upgraded our outside lighting, improving our building safety
- We improved our policy for violence in the workplace – In addition, the Full Time UCO employees, along with CCHS staff Ryan, and nurse Brian all participated in Active Shooter training
- File 13 ended the year right on budget, and had two months of all time high revenue due to growth in new business – ahead of budgeted growth. We welcome all our new customers.
- We've made great progress on the action items from the last employee survey (next survey will be conducted in September)
- Food trucks are back, scheduled through the end of October
- UCO's social media presents continues to grow
- UCO received a Landscaping Grant from Scotts-MiracleGro Foundation, and spruced up the building. Chris G. Chris W, Danielle, Shawn, Debbie, Jon, Allison, Tyler, Candy, Bill, LaShonda, and Mark helped with planting and ongoing watering and maintenance to help the new plants survive.

UCO News

YOU NEED TO KNOW

Adam participated in the Union County Fair Demolition Derby in July and he placed 2nd! He competed in a field of eight competitors in the Mini Van / Small Truck division. Can you imagine banging around in a mini van?! Ha Ha! Adam said he was sore and bruised after the event, but he couldn't stop grinning as he showed off his trophy. Adam probably could have kept going if his fuel line hadn't ruptured. We're glad you stopped Adam so that you and your UCO Industries "mobile" didn't go up in flames!

Way to go Adam!
